## In the Specification:

Please amend paragraph [0005] as follows:

Please amend paragraph [0024] as follows:

[0024] A magnetic driver 16 is included in the LCD display 10 that is driven by a voltage signal to move the lens 14. The magnetic driver 16 includes a diaphragm 38 (illustrated in Figure 3) that is attached to the lens 18 14. The magnetic driver 16 moves the diaphragm 38 inward and outward in response to a voltage signal placed onto a coil (not shown) in the magnetic driver 16 to generate sound. The magnetic driver 16 is mounted onto a mounting bracket 18 so that the magnetic driver 16 is held in place securely inside the LCD display 10. The mounting bracket 18 has a left end 20 and a right end 22, as viewed from inside the enclosure 12, and the magnetic driver 16 is mounted in between the left end 20 and the right end 22.

Please amend paragraph [0038] as follows:

[0038] The LCD display 10 is placed external to the fuel dispenser 64 and is attached to the fuel dispenser 64 using an arm 82. More information on methods of attaching an external LCD display 10 to a fuel dispenser 64 is described in co-pending Application No.
